1st December 2020 to 30th November 2022

DEVELOPMENT OF ENTRECOMP & DIGICOMP FRAMEWORK IN HIGHER EDUCATION

4th Newsletter – December 2022

HACKATHON EVENT IN ANKARA - TURKEY

Within the scope of the Erasmus+ HE-ENTREDIGComp Entrepreneurship and Digitalization in Higher Education project carried out by the Entrepreneurship and Leadership Center, the Hackathon event in Turkey has celebrated between 1st and 3rd June of 2022. The demoday event “2022 Digitalization and Entrepreneurship Hackathon” took place in 3rd June 2022. 5 teams of 4 people has attended. They meet in the same space for a specified time of 52 hours and work in teams on an SDG goal. In demoday each team present their prototypes. The winners are recognized through a jury previously established by the organization. According to this, the first winner of Hackathon event is the “BreatheFree” project, the second is the “Metadress” and the third is the “Anonymate” project. We congratulate all our students and wish them continued success.

HACKATHON EVENT IN VASTO - ITALY

There were participants **12 students from high education institutions** have been divided in 4 teams, each of them has selected one of the SDG and an issue linked to the SDG; anlyzing the problem and the possible solutions addressed to the selected SDG (analysing capacity and problema solving capacity), each team (team-working capacity) has developed an idea and/or a social business item to fase up the problem and has created a digital presentation of the idea (communication capacity), for a total of 4 halves days (2 days). At the end the Technical Committee chose the winner of the Hackathon, which was an application to improve the way in which the people find parking spaces in the cities called App4park.

HACKATHON EVENT IN LARISSA - GREECE

The implementation dates of the Hackathon event developed in Greece was 19 & 20 May 2022.

34 Higher Education students worked in teams, with the collaboration of three university professors, one researcher and one facilitator, developed innovative ideas and prototypes for technology-based products and services in line with the Sustainable Development Goals set by the United Nations in 2015. The programme of the event was follows:

1st Day: Participants had the opportunity to get to know each other, to organize themselves into small groups, to learn more about the theme of the event and to study the 17 UN Sustainable Development Goals.

2n Day: The students have taken training pills in business thinking, learned and used strategic planning tools, discussed, proposed solutions and created “prototypes”.

The prototypes were presented and prizes were awarded.

The organisers of the event decided the following winner: a project that consists of **Robots** (and/or in combination with a drone) to provide basic medical services and assistance to residents of remote areas. The name of the project was **Dr. Robot.**

C2 TRAINING ACTIVITY DEVELOPED IN VASTO - ITALY

The second C2 Training Activity – within the framework of the HE-ENTREDIGCOMP project Development of ENTREComp and DIGComp Framework in Higher Education, organized by the Italian partner POLARIS in the municipality of Vasto, took place on June 27th, 28th and 29th, 2022.

The overall objective of this activity has been to share good practices among professionals on the implementation of the framework for the development of the entrepreneurial competence “ENTRECOMP” and digital “DIGCOMP” in the Higher Education centers associated to the project, as well as to share the results of the HACKATHON events held in each country with the students.

The agenda of the activity was follows:

1st Day: 27 June 2022. Welcome of participants and Presentation of the C2 programme, objective and expected results of the training activity.

SHARING OF GOOD PRACTICES: ENTRECOMP AND DIGCOMP

The projects implemented by the teachers developed in each country will be shared, the applied methodology, difficulties encountered, the objectives and the results of each project will be explained:

- Presentation of projects developed in Spain
- Presentation of projects developed in Italy
- Presentation of projects developed in Turkey
- Presentation of projects developed in Greece

WRAP UP OF LESSONS LEARNED AND CLOSURE OF THE 1ST DAY OF ACTIVITY

Based on the practices shared by the partners, some proposals for improvements are outlined to be included in the GUIDE so to ensure that the projects are replicable by any other professional.

SHARE GOOD PRACTICES: HACKATHON

The development of the event in each country, the materials and spaces used, the profile of the students and their motivation, the SDG used, the results obtained and the winning a prototype of the event will be brought together.

- Presentation of results Hackathon developed in Spain
- Presentation of results Hackathon developed in Italy
- Presentation of results Hackathon developed in Turkey
- Presentation of results Hackathon developed in Greece

2nd Day: 28 June 2022. The use of a HACKATHON as an innovative tool in HEI: lessons learned, strengths and possible improvements for the transferability of the approach in the field and beyond.

ROUND TABLE FOR IMPROVEMENT PROPOSALS

Wrap up activity covering the following points:

- The difficulties encountered in the process of implementing projects by the teachers/trainers.
- The most effective and efficient solutions provided
- Identification of the most innovative activities.
- Improvements for the ENTRECOMP and DIGCOMP projects developed by the teachers/trainers.
- Resolution of doubts and other suggestions for the project's follow up.

3rd Day: 29 June 2022. Conclusions, decisions taken and next steps.

Release of Certificates of attendance & activity closure.

TRANSNATIONAL MEETING DEVELOPED IN VASTO, ITALY

The 6th Transnational Meeting of HE-ENTREDIGCOMP was held from 27th to 28th June 2022 in Vasto (Italy) with the participation of all the partners: OSTİM VAKFI; Aile, Çalişma Ve Sosyal Hizmetler Bakanliği; Polaris S.r.l. , HOU – Hellenic Open University; UDIMA – Universidad a Distancia de Madrid and AIDEJOVEN.

The Transnational Meeting was held in Italy after the completion of the HACKATHONS. The meeting's flow covered the good practices developed through the project stipulated in GUIDE O1 and allowed the organizers to share the winning prototypes in GUIDE O2. Thus also the teachers could have an international experience with other professionals/project managers to enrich their knowledge of innovative methodologies and share difficulties, proposals for improvement, etc. and the good practices of each of the national events.

During the first day, the meeting agenda was organized as follows:

- MANAGEMENT AND FINANCIAL ISSUES: update by the project coordinator, recommendations and next steps.
- O1 GUIDE: state of the art on the 1st part and next steps and state of the art on the 2nd Part and next steps.
- O2 GUIDE: state of the art and next steps.
- PROJECT DISSEMINATION: state of the art and next activities to be conducted by the partners at the national and international levels.

During the second day, the meeting agenda was organized as follows:

- QUALITY ASSURANCE: Evaluation of the project quality and recommendations around the next activities to be conducted by the partners.
- Conclusions, decisions taken and next steps. Release of Certificates of attendance & activity closure.

MULTIPLIER EVENT IN ANKARA

Hosted by OSTİM FOUNDATION and OSTİM Technical University, the last event of our Erasmus+ KA203 “Development of Entrepreneurship and Digitalization Competencies in Higher Education” project – Multiplier Event” took place on Monday, 07 November at #OSTiMOSB Conference Hall! In this context, students who ranked in the Hackathon competition in different countries during the project presented their business ideas together with the students of Ostim Technical University.

Business ideas of entrepreneurs who are the winners of partner countries such as Spain, Italy and Greece were listened to and awards were presented to each group. It was a very crowded event and with the participation of various stakeholders, the visibility and multiplier effect of the project was quite high.

TRANSNATIONAL MEETING IN ANKARA

Hosted by OSTİM FOUNDATION and OSTİM Technical University, the 7th Transnational Meeting” took place on Monday, 08 November at #OSTiMOSB Conference Hall! The last Transnational Meeting was developed after the Multiplier Event and was an opportunity to share and evaluate all the results that the project has achieved during the implementation. After this time of sharing and evaluation was the time to talk about the last steps to close the project.

It has been a long time working all together and doing a lot of different activities with very good results. Now is time to think about new activities and projects that can be implemented in the future.

STAY TUNED!!
